APARAITECH

PROPOSAL

Building the Future with Technology & Innovation

5H4J+RGQ, Anand Nagar Colony, Anandnagar, Ashok Nagar Colony,
Baramati, Maharashtra 413102
360, Neeladri Rd, Karuna Nagar, Electronic City Phase I, Electronic City, Bengaluru, Karnataka 560100

Overview

Aparaitech is an **industry-focused technology** and innovation company dedicated to bridging the gap between **academic learning** and **real-world industry requirements.**

We specialize in delivering **AI-driven solutions**, live industrial projects, and **hands-on live project programs** for students and institutions.

Our collaboration model is designed to empower students with **practical exposure**, **problem-solving skills**, and **industry readiness**, while supporting institutions in enhancing their academic value, placement outcomes, and innovation ecosystem.

Through structured live projects and real-time implementation, **Aparaitech** ensures students gain **job-relevant skills** aligned with current industry demands.

Aparaitech Introduction

About Us

Aparaitech is a technology-driven organization working in the domains of Artificial Intelligence, Data Science, Software Development, Automation, and Emerging Technologies.

We collaborate with

- Engineering colleges
- Universities
- Training institutions
- Corporate partners

Our core focus is on

- Industry-oriented learning
- Practical skill development
- Project-based education
- Career-oriented mentorship

Aparaitech follows a **“Learn → Build → Implement → Deploy”** approach, enabling students to work on live, real-time projects under professional guidance. Our team consists of experienced **industry mentors** who actively guide students throughout the project lifecycle.

5H4J+RGQ, Anand Nagar Colony, Anandnagar, Ashok Nagar Colony, Baramati, Maharashtra 413102
360, Neeladri Rd, Karuna Nagar, Electronic City Phase I, Electronic City, Bengaluru, Karnataka 560100

Our Services and Products

Services

Live Industry Projects

- Real-time project execution aligned with industry standards
- Domain-specific projects (AI, ML, Data Analytics, Web, Software)
- Structured milestones and deliverables

live-Project Programs

- Live-Project certification
- Offer letter and ID Card
- Industry mentorship
- Performance evaluation & feedback
- Work Report-Sheet

Placement-Oriented Training

- Skill-based training modules
- Interview preparation sessions
- Resume & portfolio building

Academic–Industry Collaboration

- College-level project implementation
- Faculty coordination
- Final-year / Mini-project support

Mentorship & Career Guidance

- One-to-one doubt solving
- Project reviews
- Career roadmap planning

5H4J+RGQ, Anand Nagar Colony, Anandnagar, Ashok Nagar Colony, Baramati, Maharashtra 413102
360, Neeladri Rd, Karuna Nagar, Electronic City Phase I, Electronic City, Bengaluru, Karnataka 560100

Products

AI-Based Applications

1 AI Question Paper Generator

- Question Paper Generator (CET / MCQ / Subject-wise)
- Face Detection & Attendance Systems
- AI Automation Tools

2 Face Detection & Attendance System

- AI-based face recognition for secure attendance
- Real-time identity verification
- Attendance analytics and reporting

3 AI Automation Tools

- Workflow automation using AI models
- Smart decision-support systems
- Reduction of manual effort and operational costs

5H4J+RGQ, Anand Nagar Colony, Anandnagar, Ashok Nagar Colony, Baramati, Maharashtra 413102
360, Neeladri Rd, Karuna Nagar, Electronic City Phase I, Electronic City, Bengaluru, Karnataka 560100

Products

T-Money Card
(Smart Digital Payment & Identity System)

Aparaitech introduces the T-Money Card, a smart digital solution designed for institutions, campuses, and organizations.

1

Smart Digital ID & Payment Card

- Acts as a student/employee identity card
- Enables cashless transactions within the transport sector.

2

Multi-Purpose Usage

- Fee payments, canteen purchases, library access
- Event entry and service access

3

Integrated with Software Systems

- Linked with attendance, registration, and admin dashboards
- Real-time transaction tracking and reports

4

Secure & Scalable System

- Encrypted data handling
- User authentication and access control

5

Secure & Scalable System

- Usage analytics for institutions
- Financial and operational transparency

360, Neeladri Rd, Karuna Nagar, Electronic City Phase I, Electronic City, Bengaluru, Karnataka 560100

Live Project Objective

The primary objective of Aparaitech's live project initiative is to:

1. Provide hands-on industry experience to students
2. Transform theoretical knowledge into practical implementation
3. Enhance students' technical, analytical, and professional skills
4. Improve employability and placement readiness

Our projects are designed to simulate real corporate working environments, where students learn project planning, execution, teamwork, and delivery.

Proposal - Sahakarmaharshi Shankarrao Mohite Patil Institute of Technology and Research, Akluj

(Hiring, Live Projects, Internships & Placement Support)

Student Engagement & Hiring Strategy

Aparaitech proposes a structured collaboration with **Sahakarmaharshi Shankarrao Mohite Patil Institute of Technology and Research, Akluj,** to engage students from First-Year, Second-Year, Third-Year, and Final-Year, ensuring skill development, employability, and placement readiness.

First, Second-Year & Third-Year Students (Degree and Diploma)

Objective:
To provide early industry exposure through live projects and hands-on training.

What We offered

- Students from the Second Year and Third Year will be enrolled in live industry projects.
- Projects will be aligned with current industry requirements and academic curriculum.
- Diploma students are also included in live project participation.
- Students will work under the **Aparaitech** project with structured milestones.
    - Live projects will help students:
    - Build practical skills
    - Understand real-world problem statements
    - Prepare for internships and placements

5H4J+RGQ, Anand Nagar Colony, Anandnagar, Ashok Nagar Colony, Baramati, Maharashtra 413102
360, Neeladri Rd, Karuna Nagar, Electronic City Phase I, Electronic City, Bengaluru, Karnataka 560100

Final-Year Students

Degree and Diploma

Hiring Strategy

Objective

To provide final-year **Degree** and **Diploma** students with structured **placement opportunities, pre-placement awareness, and industry exposure**, while ensuring that every student receives career support through either **direct hiring** or **live project-based upskilling.**

Selected students will be considered for direct **placement opportunities** and will work on **domain-specific**, international projects aligned with **industry requirements.**

Students who are not selected in initial interviews will be enrolled in the **Aparaitech Live Project Program**, enabling them to **up-skill** through **hands-on implementation**, practical learning, and
Re-enter the placement process with improved competencies.

5H4J+RGQ, Anand Nagar Colony, Anandnagar, Ashok Nagar Colony, Baramati, Maharashtra 413102
360, Neeladri Rd, Karuna Nagar, Electronic City Phase I, Electronic City, Bengaluru, Karnataka 560100

Live Project Program – Fees & Placement Terms

Only for College Students

Aparaitech proposes a live project program exclusively for college students under this academic collaboration, open to students from all branches and departments, enabling them to gain hands-on industry experience through real-world projects.

- A program fee of **₹5,000** per student is proposed under this academic collaboration.
- In addition, a one-time onboarding fee of **₹1,025** per student will be applicable at the time of enrollment.
  - Students will work in project groups with a minimum of **5 members per group.**
  - **The program includes:**
    - Live industry projects
    - A structured, **skill-based learning** program aligned with current industry requirements

- **Placement opportunities**, wherever applicable, will be strictly performance-based, evaluated on:

  - Project contribution
  - Technical proficiency
  - Learning progress

- This structured live project program enables students to gain real-world experience, industry exposure, and improved placement readiness at a concessional academic collaboration fee.

5H4J+RGQ, Anand Nagar Colony, Anandnagar, Ashok Nagar Colony, Baramati, Maharashtra 413102
360, Neeladri Rd, Karuna Nagar, Electronic City Phase I, Electronic City, Bengaluru, Karnataka 560100

Degree & Diploma Department – Hiring and Career Development Program

(1st Year, 2nd Year & Final Year)

Objective

To enhance the employability of final-year **Degree** and **Diploma** students from **all Branches** by offering placement-focused opportunities, structured pre-placement awareness, and **real-world industry** exposure. All eligible students will be considered for both **Software Development** and **Business Development** Associate (BDA) roles. Students who are not selected for direct hiring will be provided with a structured Program opportunity through skill-based **Real-World live projects**, ensuring continuous career support and practical industry experience for every participant.

Pre-Placement Talk & Student Awareness

Aparaitech will conduct a **Pre-Placement** Talk for **Degree and Diploma** students, covering:

- Introduction to Aparaitech and industry expectations
- Overview of available roles and career paths
- Explanation of the hiring process and evaluation criteria
- Guidance on resume preparation and interview readiness

This session helps students clearly understand placement requirements, job roles, and growth opportunities.

5H4J+RGQ, Anand Nagar Colony, Anandnagar, Ashok Nagar Colony, Baramati, Maharashtra 413102
360, Neeladri Rd, Karuna Nagar, Electronic City Phase I, Electronic City, Bengaluru, Karnataka 560100

Student Hiring Program

Eligible Departments (All Departments)

- Degree students
- Diploma students

All eligible students may apply for both roles: Software and BDA.

Roles Offered

- **Business Development Associate (BDA):**
  - Offline (On-site)
- **Software Role (Developer / Technical Role):**
  - Offline (On-site)
  - Day Shift
  - Night Shift (Night shift applicable only for boys)
- **Live Industry-Level Project:**
  - **Duration**: 3 Months
  - **Mode**: Online

Selection Outcome & Opportunities

For Selected Students

- Direct Placement Opportunity, based on overall performance
- Performance-based stipend allocation, evaluated on the following criteria:
  - Interview performance
  - Technical and functional skill level
  - Live project contribution
  - Overall professional readiness

5H4J+RGQ, Anand Nagar Colony, Anandnagar, Ashok Nagar Colony, Baramati, Maharashtra 413102
360, Neeladri Rd, Karuna Nagar, Electronic City Phase I, Electronic City, Bengaluru, Karnataka 560100

Degree and Diploma Students

(1st Year, 2nd Year & Final Year)

Support for Non-Selected Students

- Students who are not selected in the initial evaluation or placement process will be:
    - Enrolled in Aparaitech Live Industry Project Program
    - Provided hands-on exposure to industry-relevant live projects
    - Guided to upskill, strengthen technical competencies, and stand out in future placement opportunities

This structured model ensures that all Degree and Diploma students, regardless of their initial selection status, receive meaningful opportunities to develop industry-ready skills, gain practical experience, and enhance their employability—creating a fair, inclusive, and performance-driven career pathway through placement or structured internship exposure.

Documents Provided:

- Internship Offer Letter
- Internship Completion Certificate
- Company ID Card

5H4J+RGQ, Anand Nagar Colony, Anandnagar, Ashok Nagar Colony, Baramati, Maharashtra 413102
360, Neeladri Rd, Karuna Nagar, Electronic City Phase I, Electronic City, Bengaluru, Karnataka 560100

Stipend & Performance-Based Benefits

- A stipend of up to **₹10,000** TO **₹15,000** is mentioned for students.
- Stipend allocation will be strictly performance-based, considering:
    - Project contribution
    - Attendance and discipline
    - Skill improvement
    - Mentor evaluation

Fee Concession & Student Support

Aparaitech understands the college's request for fee concession and is open to:

- Special discounted pricing for group enrollments
- Department-wise or batch-wise concessions
- Affordable pricing models to ensure maximum student participation

Final fee structure will be mutually discussed and finalized with the college management.

5H4J+RGQ, Anand Nagar Colony, Anandnagar, Ashok Nagar Colony, Baramati, Maharashtra 413102
360, Neeladri Rd, Karuna Nagar, Electronic City Phase I, Electronic City, Bengaluru, Karnataka 560100

Review & Evaluation Process (Online + Offline)

Live project Review

Online Review

- Weekly or bi-weekly online review sessions
- Conducted via Microsoft Teams / Google Meet
- Progress tracking, doubt-solving, and feedback

Offline Review

- Periodic offline review visits (as scheduled)
- Interaction with:
  - Students
  - Faculty coordinators
  - College management
- Practical demonstrations and project evaluations

5H4J+RGQ, Anand Nagar Colony, Anandnagar, Ashok Nagar Colony, Baramati, Maharashtra 413102
360, Neeladri Rd, Karuna Nagar, Electronic City Phase I, Electronic City, Bengaluru, Karnataka 560100

Points of Contact

To ensure smooth communication and execution, two points of contact will be maintained:

College Side:

- One Faculty / TPO / Coordinator appointed by Deshbhakt Harinarayan Bankatlal Sahakarmaharshi Shankarrao Mohite Patil Institute of Technology and Research, Akluj.

Company Side:

- One Aparaitech Project Manager / Relationship Manager

This structure ensures:

- Quick issue resolution
- Transparent communication
- Smooth project execution

5H4J+RGQ, Anand Nagar Colony, Anandnagar, Ashok Nagar Colony, Baramati, Maharashtra 413102
360, Neeladri Rd, Karuna Nagar, Electronic City Phase I, Electronic City, Bengaluru, Karnataka 560100

Induction & Awareness Program

An Induction Program will be conducted to create awareness among students and faculty.

Induction Program Objectives:

- Introduce Aparaitech and industry expectations
- Explain live project structure and benefits
- Clarify internship, certification, and placement pathways
- Motivate students for skill development

Program Mode:

- Online / Offline

5H4J+RGQ, Anand Nagar Colony, Anandnagar, Ashok Nagar Colony, Baramati, Maharashtra 413102
360, Neeladri Rd, Karuna Nagar, Electronic City Phase I, Electronic City, Bengaluru, Karnataka 560100

Mutual Benefits

Benefits for College:

- Improved placement readiness
- Industry exposure for students
- Practical learning beyond the syllabus
- Enhanced academic–industry collaboration

Benefits for Students:

- Live project experience
- Internship certification
- Placement opportunities
- Performance-based stipend
- Career guidance and mentorship

5H4J+RGQ, Anand Nagar Colony, Anandnagar, Ashok Nagar Colony, Baramati, Maharashtra 413102
360, Neeladri Rd, Karuna Nagar, Electronic City Phase I, Electronic City, Bengaluru, Karnataka 560100

Institutional Collaborations & MoU Credentials

Aparaitech has established formal academic–industry collaborations with reputed educational institutions to support skill development, live projects, internships, and placement-oriented training.

MoU Signed with:

- Vidya Pratishthan's Kamalnayan Bajaj Institute of Engineering & Technology (VPKBIET), Baramati, Pune, Maharashtra

Date of MoU: 16 December 2025

Scope of Collaboration Includes:

- Live industry projects
- Internship & placement support (as per AICTE guidelines)
- Skill development programs
- Faculty Development Programs (FDPs)
- Guest lectures and industry interaction
- Research & innovation support

This MoU validates Aparaitech experience in working with engineering institutions and demonstrates our capability to successfully execute academic collaborations at scale

MoU Collaboration

5H4J+RGQ, Anand Nagar Colony, Anandnagar, Ashok Nagar Colony, Baramati, Maharashtra 413102
360, Neeladri Rd, Karuna Nagar, Electronic City Phase I, Electronic City, Bengaluru, Karnataka 560100

Conclusion & Way Forward

Aparaitech is committed to building long-term, value-driven academic–industry collaborations that empower students with practical skills, real-world exposure, and placement readiness while supporting institutional academic and placement objectives.

Through this proposed collaboration, will benefit from:

- Structured live industry projects across emerging technology domains
- Internships and placement-oriented Live Projects aligned with industry standards
- Inclusive opportunities for **First-Year, Second-Year, Third-Year, Final-Year, or MCA, and Diploma students**
- Performance-based **hiring and stipend opportunities**
- Proven collaboration experience, supported by an existing **MoU with Vidya Pratishthan's Kamalnayan Bajaj Institute of Engineering & Technology (VPKBIET), Baramati**

Featured Projects – International Exposure

Aparaitech provides students with exposure to internationally aligned projects, enabling them to work on global problem statements, industry standards, and cross-border development practices.

As part of our advanced project initiatives, Aparaitech is engaged in projects and technical collaborations involving international use cases and client requirements from:

- **Japan**
- **United States (US)**
- **South Korea**

These international project exposures help students develop:

- Strong technical and analytical skills
- Global work readiness
- Professional communication and collaboration capabilities

This initiative strengthens Aparaitech mission to prepare students for both domestic and global technology careers.
