INDUSTRIAL CAPABILITY DEVELOPMENT

OVERALL PERFORMANCE STIPEND: ₹8,000 – ₹15,000 (NOT MONTHLY)

LIVE PROJECT PROGRAM 2026

Dear Students,
Are you tired of learning only from tutorials and textbooks? Do you want to gain real industry experience before you graduate? **Aparaitech Software** presents the **Live Project Program 2026** — a 3-month immersive experience where you build, deploy real solutions, and earn an **Overall Performance-Based Stipend of ₹8,000 to ₹15,000** (strictly an overall program stipend, not monthly) under senior engineers.

3 Months	10 Live	₹8K–15K	1 : 1
INTENSIVE DURATION	INDUSTRY PROJECTS	OVERALL STIPEND	TECH MENTORSHIP
Hands-on Agile Sprints	Production Deployments	Performance-Based	Senior Industry Leads

WHAT IS THE LIVE PROJECT PROGRAM?

The Live Project Program is a **3-month hands-on initiative** where selected students work on **10 live industry-level projects** across high-demand technology tracks. You don't just learn — **you build, implement, and deploy real solutions** under the direct guidance of senior engineers at Aparaitech Software, with an **Overall Performance-Based Stipend of ₹8,000 to ₹15,000** (strictly overall program stipend, not monthly).

- Web Development (Full-Stack)
- AI / Machine Learning
- Data Analytics & BI
- Java Enterprise Systems
- Cloud Computing & DevOps

WHAT YOU WILL GAIN — TANGIBLE CAREER BENEFITS

Overall Performance Stipend
Earn an overall performance-based stipend of ₹8,000 to ₹15,000 across the program (strictly not monthly) upon milestone completion.

Real Industry Experience
Work on 10 live projects simulating actual enterprise workflows & Git version control.

Pre-Placement Opportunity
Performance evaluation and fast-track consideration for full-time software engineering roles.

Professional Documents
Experience Certificate, official Letter of Recommendation (LOR) & Completion Certificate.

Portfolio Building
Build a verified public GitHub portfolio of production-grade deployments recruiters admire.

Industry-Ready Skills
Master cutting-edge stacks: React, Node, Python, Cloud CI/CD, Data pipelines & AI models.

Global Exposure
International market collaboration exposure via partnerships with Embarc.Inc (Japan-India).

Career Advancement
Direct HR interview call and dedicated placement support upon program completion.

PROGRAM STRUCTURE & OPERATIONAL FRAMEWORK

FEATURE	OPERATIONAL DETAILS
Duration	**3 Months** (Structured into milestone sprints, code reviews, and deployments)
Stipend	**₹8,000 – ₹15,000 Overall** (Performance-based overall program stipend, strictly not monthly)
Projects	**10 Live Industry-Level Projects** with production hosting and real test cases
Domains	Web Development, AI/ML, Data Analytics, Java Systems, Cloud Computing
Delivery Mode	**Online / Remote** (Flexible developer schedule + weekly live interaction syncs)
Evaluation	Performance-based: Project Quality (50%) + Code Delivery (30%) + Attendance (20%)

LIVE PROJECT PROGRAM 2026 • ELIGIBILITY & ADMISSIONS

CAMPUS ADMISSIONS DESK

Candidate Guidelines & Institutional Trust

CANDIDATE ELIGIBILITY

College Students (1st to Final Year)
B.Tech, B.E., BCA, MCA, B.Sc Computer Science & Polytechnic

Fresh Graduates
Seeking real enterprise proof-of-work to crack top tech interviews

Working Professionals
Looking to upskill or pivot into Full Stack, AI/ML, or Cloud Tech

INTERNATIONAL TIE-UP

JP 🤝 IN

Global Collaboration: Embarc.Inc

Aparaitech Software maintains a strategic cross-border partnership with **Embarc.Inc** for **Japan-India market entry**. Participants receive exposure to global engineering protocols, international collaboration standards, and cutting-edge software paradigms.

Cross-Border Projects | Global Work Culture | Japan-India Bridge

WHO TRUSTS US? LEADING PARTNER ACADEMIC INSTITUTIONS

DHB Soni College
Solapur, Maharashtra

SPCOET
Baramati, Maharashtra

Vidya Pratishthan's COE
Baramati, Maharashtra

Sharadchandra Pawar COE&T
Someshwarnagar, Pune

Jaywant COE & Polytechnic
Sangli, Maharashtra

& Many Leading Institutions
Across India & Global Network

WHY CHOOSE APARAITECH SOFTWARE? THE DISTINCT COMPETITIVE EDGE

₹8K–15K Overall Stipend
Earn an overall performance-based stipend on milestone deliveries (strictly not monthly).

Real Projects
Not generic tutorials — actual production engineering and live cloud deployment.

3 Credentials
Experience Letter, official LOR, and Course Completion Certificate.

HR Direct Calls
Top performers get direct interview calls for hiring at Aparaitech & partners.

Senior Mentors
Continuous feedback and 1-on-1 sprint reviews from industry veterans.

Global Exposure
International workflow alignment via Embarc.Inc (Japan-India).

Hiring Portfolio
Deploy 10 live projects on GitHub & Cloud to prove capability to employers.

Campus Acclaim
Accredited and trusted by renowned engineering and polytechnic colleges.

ADMISSIONS OPEN • APPLY NOW

HOW TO APPLY — SIMPLE 4-STEP PROCESS

1. Scan the QR code or click the registration link below.
2. Submit your academic details & choose your preferred domain.
3. Aparaitech Technical HR team evaluates your application.
4. Receive onboarding confirmation, mentor assignment & schedule.
